SUMMARY

A motivated person with basic skills in Python, HTML, CSS, and MS Office. Able to create simple web pages and handle basic tasks. Eager to learn and grow in the tech field.

PROJECTS

TO-DO LIST (HTML,CSS, JAVASCRIPT)

A to-do list project using HTML, CSS, and JavaScript allows users to add, manage, and delete tasks. HTML structures the list, CSS styles it, and JavaScript provides the functionality to interact with tasks.

CALCULATOR (PYTHON)

Python calculator project used Tkinter for the GUI, with buttons for numbers and operations, and a display for inputs and results. It performed basic arithmetic and handled user input through event handling, possibly including error checks like division by zero.
